Subject: SC Horse Council reps

Hello Carol

We certainly would like to extend a hand of welcome to the SCHC. I am the chairman of the SHCAC Committee on Recreation. You may have met me at SETC this year, I spoke on National Legislative Issues of interest to Horsemen. (See you for sure in Charleston next summer!) I would like to invite any of the members of the South Carolina Horse Council's Recreation Committee or any saddle clubs that work as trail advocates to consider joining our chat group.

This chat group provides a communication link between trail groups across the country. We hope that South Carolina Trail riders will share some of their success stories and use the board as a way to find information. We have found that many issues are common in each state and if we can draw on others' experiences, sometimes it prevents us from re-inventing the wheel.

The address to this group: <http://groups.msn.com/SHCACRec>

Good to hear from you and we look forward to hearing lots about South Carolina Trails.

Ken
